White-Diamond | Lentedreef 14 | 3530 Houthalen | Belgium

QUALITY CONTROL

No	Characteristic	Specification
1	Appearance	White Liquid
2	PH	6-7
3	Viscosity	Non-Viscous
4	Flashpoint	>100°C

Product Description

Brilliance Mist is an easy to apply Quick Detailer with built-in hydrophobic sealant for those who want nothing but the best protection, durability, shine and beading. It will enhance your last stage protection by adding a microscopic thin layer of hydrophobic sealant, via specialist polymer technology.

Brilliance Mist offers a hydrophobic guard and will help protect your vehicle's paint from bird droppings, acid rain, bugs, road salts and other elements. It can also be used as a very effective spray sealant after washing which will keep your vehicle protected against the elements.

Instructions for use

Lightly mist the area you would like to treat. Using a clean microfibre cloth, wipe the product over the paintwork. Once the entire vehicle has been treated. Buff with a second clean microfibre.
