QUALITY CONTROL

No	Characteristic	Specification
1	Appearance	Blue Liquid
2	PH	8-9
3	Viscosity	5,000 – 10,000
4	Flashpoint	>100°C

Product Description

Moisturizing Shampoo is a shampoo that cuts through dirt easily. Nevertheless, it will not strip existing wax layers. Our specially formulated lubricants provide a smooth feel when you wipe the exterior surfaces, reducing marring, while long-lasting foam helps to safely remove dirt particles.

Instructions for use

Moisturizing Shampoo is easy to apply – Rinse the vehicle with water to loosen any dirt. For best results use our White Storm Snow foam. Add approx. 15ml to a 25L bucket with warm water, agitated with a pressure washer. Apply to paintwork using a dedicated wash mitt. Rinse thoroughly with water.
