White-Diamond | Lentedreef 14 | 3530 Houthalen | Belgium

### QUALITY CONTROL

No	Characteristic	Specification
1	Appearance	Clear Liquid
2	PH	7-8
3	Viscosity	Non-Viscous
4	Flashpoint	23°C

### Product Description

Purifier Prep is a special product that is designed to remove residue from your vehicle's surfaces in order to prepare the surface for last-stage protection. Purifier Prep is great at removing oils and silicones to give a streak-free, clean surface perfect for last-stage protection. It is designed to remove any final residue which may be on your vehicle's paintwork, which allows the final stage protection to bond better and provide better and longer lasting protection.

### Instructions for use

Purifier Prep is easy to use - Spray Purifier Prep directly on to your vehicle's exterior paintwork, and a small amount to a clean, lint-free microfibre cloth. Continue to wipe over until the solution has completely evaporated, leaving a clean, contamination free finish.
